

3. Workshops for Drama Studies

Understanding by acting – Theatrical approaches to Drama

Coaching the classics: From Edward Albee to Oscar Wilde.

You choose the drama text – we provide the workshop for your students!
The ultimate goal of the workshop is to provide students with practical tools to better access, understand, and appreciate plays by approaching them from the inside, with the eye of a theatre practitioner and the question how we can relate to them today.
(for Sek II students)
